

# BELLEVIE

ARMCHAIR - OFF-WHITE CUSHIONS

DESIGN BY PAGNON ET PELHAÏTRE

## REFERENCE (PRODUCT) 8440XX8I

The Bellevie armchair brings comfort and colour into the garden, while its depth and width make it the ideal place to relax. With its aluminium frame, this garden armchair is both light and weather-resistant. Because the Sunbrella® fabric – by the world's leading outdoor textiles specialist, Dickson – is water-repellent, stain- and UV-resistant, and machine-washable, the cushions are perfectly at home outdoors.

The frame, meanwhile, comes in every shade of the Fermob colour chart.

With the sofa and low table from the same collection, it's the perfect addition to any terrace style, no matter what your age. And you can even bring it indoors!

If you prefer darker cushions, then combine the same armchair with Fermob's Flannel Grey version.

**NORMS** - Certificat on request

NF EN 581-1, NF EN 581-2, NF EN 1022
