GIOPATO & COOMBES

Soffio collection evolves from the Bolle series, magnifying the sense of suspension of the transparent glass sphere on the brass structure.

The thin bubble appears to float in mid-air, and every Soffio creation enhances this perception. It's just one blow, but it has to be perfect.

Una lampada a sospensione singola, un tocco funzionale e decorativo che unisce materiali nobili e puri. La luce è calda, avvolgente, creando atmosfera ricercata nello spazio.

A single sphere of transparent glass, enhanced with maximum lightness and at the same time resistance thanks to the borosilicate glass material. Supported by brass with a proprietary Softspot light source. Different metal finishes are available.
