Aluminum grey

Industrial Facility explores the confluence between design and the world around us with a view that is both philosophical and pragmatic, following the premises of the Bauhaus. The lamp has been named Vaso, glass in Spanish, by the will of its London-based authors, alluding to the classic Tumbler glasses.

This conical-shaped light bell with its gently curved finish has a wide range of uses. One or many, for domestic or commercial environments. A timeless basic that is as simple as it is efficient. Delicate and pleasing to the eye, but also solid and elementary.

An elegant, repulsed aluminum body that resembles the angles of the light it provides: form follows function. Protected from the observer's view by an opaline diffuser, its proportions give it a generous, adjustable and non-dazzling beam of light, the result of the best LED technology.

General description:

Matte aluminum injection structure with integrated driver. 3 colour options: white grey, black and aluminum grey.
Primary optics with tempered glass cover.
Metallic circular canopy included.
Suitable for Junction Box (American version).
Electric cable length: 4 m / 157.5"

Approximate weight (unpacked):

3,5 kg / 7.7 lb

Technical information:

Dimmable light source included.
Built-in COB LED

Rated input wattage: 40 W
Operating current: 700 mA
CCT: 2.700 K
CRI: 90
Lifetime: 40.000 h
Luminous flux: 2.840 lm

European version: suitable for dimming 1-10V / DALI. Not included external dimmer switch.
American version: suitable for dimming 1-10V. Not included external dimmer switch.
Suitable for indoor use.
Non-replaceable light source.

Input voltage: 90 ~ 305 Vac.
(50 Hz / 60 Hz). According to destination.

Regulations:

European version
